

Scenarios:

- Jonathan Matthew: I am bad at time management generally and I tended to run behind on assignments in high school so now, in college, I would like to make a change by inputting all of my due dates in a calendar to keep track.
- John Smith: I am looking for internships and I would like to quickly apply to a lot of them to increase my chances of landing one.
- Allisa Moore: I was recently laid off and I need to update my resume and find a new job in the area.
- Bob Jones: I am nearing the last year of college but I would like to get one more internship on my resume as well as revise my resume to maximize my chances of getting a good job.
- Andrew Gent: I just graduated but I do not have a job lined up yet. I am trying to perfect my resume and send applications to as many positions as I can.

User Stories:

- Jonathan Matthew: As a Freshman, I need be able to see my calendar of upcoming assignments, quizzes, and exams so that I can manage my time better
- John Smith: As a sophomore, I need to view my schedule and find internships so that I can build my resume
- Allisa Moore: As a graduate, I need to find open job positions so that I can improve my career

- Bob Jones: As a junior, I need to work on perfecting my resume and finding internships so that I get a job after college
- Andrew Gent: As a recent graduate, I need to find part time or full time jobs so that I can start my career on the right foot
